Statement on Form S-1
2021

Filed on June 25,
File No. 333-257436

Dear Dr. Lim:

We have reviewed your amended registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments. Unless we note otherwise, our references to prior comments are to comments in our June 21, 2021 letter.

Registration Statement on Form S-1

Prospectus Summary, page 1

1. We note your response to our prior comment 2 and reissue. Your pipeline table, which indicates that you are currently in Phase 1 of HERKULES-2, HERKULES-3 and HERKULES-4 clinical trials, appears to be inconsistent with your disclosure on pages 4 and 127 that you are planning to begin the dosing of first patients in HERKULES-2, HERKULES-3, and HERKULES-4 in the future. If these trials have not yet begun, please revise your pipeline table here and throughout the registration statement to show the arrows for the HERKULES-2, HERKULES-3 and HERKULES-4 trials in the IND-enabling column of the pipeline table.

In the alternative, if the Phase 1 trials have already been completed for these three specific indications, as you state a clinical trial of ERAS-007 may have already been done by Asana, revise throughout your prospectus the apparently inconsistent disclosure that you have not yet dosed any patients in HERKULES-2, HERKULES-3 or HERKULES-4 trials, or clarify how the trials indicated in the table as planned may be differentiated from the trial discussed in the asterisk to the table. Finally, include a detailed and balanced description of the trails completed by Asana as they may relate

specifically to
HERKULES-2, HERKULES-3 or HERKULES-4. This description should include
the
number of participants in the trials, the endpoints, the statistical
significance and p-values,
any serious adverse events experienced by the trail participants, and
the trails' graphs,
charts and diagrams, or advise.

2. We note that you have removed disclosure on page 70 relating to the
application of
the exclusive forum provision to the claims brought under the Exchange
Act. We also
note that the forum selection provision in your amended and restated
certificate of
incorporation identifies a state court located within the State of
Delaware (or, if no state
court located within the State of Delaware has jurisdiction, the
federal district court for the
District of Delaware) as the exclusive forum for certain litigation,
including any
derivative action. Please disclose here whether this provision
applies to actions arising
under the Exchange Act. If this provision does not apply to actions
arising under the
Exchange Act, please also ensure that the exclusive forum provision in
the governing
documents states this clearly, or tell us how you will inform
investors in future filings that
the provision does not apply to any actions arising under the Exchange
Act.

You may contact Julie Sherman at 202-551-3640 or Angela Connell at
202-551-3426 if
you have questions regarding comments on the financial statements and related
matters. Please
contact Tonya Aldave at 202-551-3601 or Susan Block at 202-551-3210 with any
other
questions.
